

Nature

The Nature range has been inspired by the forces of nature, due to our desire to mirror the strength, elegance and timelessness of the elements they provide us: minerals, metals, wood, earth.

Based on this idea, the squeezers of the Nature range let materials and colours take centre stage. Neutral, restrained and smart materials and colours which transmit those sensations in the establishments where the juicers are installed, giving them a higher, both real and perceived, high end quality.

Z40 Nature

40 oranges per minute. High speed and autonomy

It is the perfect juicer to attend to the needs of mass catering or large retail environments. Its capacity to extract large amounts of juice in a short period of time - up to 40 pieces per minute! - easily satisfying the typical demand peaks of any establishment.

The evolution to Nature

- Smoky grey front cover.
- High quality injected plastic nuts.
- Automatic filter.
- EVS Advanced juice extraction system.
- New blade with improved cut.
- New Self Service Supreme tray.

- **Increased durability:** as there are no elastic belts, there are no breakages, something that could also affect the optimal functioning of the blade.
- **Greater functionality:** avoiding maintenance tasks and replacement of broken or worn belts. Cleaning the kit is also much easier.
- **Greater yield:** the new kit leads to greater juice extraction yield. Thanks to its new design, up to 10% more juice can be obtained.

How does the automatic filter work?

The Auto Cleaning System improves the juicer's efficiency due to the automatic cleaning filter. The new filter has a belt made of polyurethane that moves, thanks to a motor axle, when the squeezer is running. The belt cleans the filter by sweeping the pulp and the seeds resulting from juicing the fruits, which are then collected in the peel collection bins.

Technical features

Fruit per minute	40
Weight	81 kg
Peel collection	70 l (2 x 35 l)
Fruit diameter	53-76 mm, 64-88 mm, 77-100 mm Opt: 40-60mm
Measurements	980 (H) x 598 (W) x 545 (D) mm
Protection	Blockage sensors
Basket capacity	20 kg
Programmer	Yes
Filter	Automatic
Dispensing tap	Yes

Gastronorm tray

Self Service Supreme Tray

Automatic filter
